# EAL/D Elaborations of the Australian Professional Standards for Teachers: Overview

## Where can classroom teachers find support?

The EAL/D Elaborations place the Australian Professional Standards for Teachers in the context of teachers working with learners of English as an Additional Language or Dialect (EAL/D learners). For each Standard and Focus Area descriptor, the Elaborations describe appropriate actions by teachers and leaders in EAL/D settings.

## What are the aims of the EAL/D Elaborations?

The aims of the EAL/D Elaborations are to maximise support for EAL/D learners by informing:

- teacher practice and professional learning goals
- staffing considerations in addressing the needs of EAL/D learners
- whole-school practice
- pre-service teacher courses
- in-service professional learning programs
- performance management through the Australian Professional Standards for Teachers

## What are the learning challenges for EAL/D learners?

The EAL/D learner in Australia is simultaneously (a) learning English, (b) learning through English, and (c) learning about English.

- (a) Learning English refers to the challenge of learning a new language or dialect, namely Standard Australian English, as well as the cultures of Australian schools and the wider Australian society.
- (b) Learning through English refers to the challenge of using English for social and academic purposes whilst still learning it.
- (c) Learning about English involves understanding the systems of English and how they work together in different situations to produce appropriate spoken and written texts.

## Who can make use of the EAL/D Standards Elaborations?

The EAL/D Elaborations provide support for all teachers and leaders catering for EAL/D learners, including EAL/D specialists. They are intended for:

- Classroom teachers across all learning areas, since they are responsible for facilitating EAL/D learners' access to the curriculum and providing ways to support their English language learning within the learning area
- EAL/D specialists, responsible for offering both targeted EAL/D classroom teaching and specialised support for mainstream teachers and leaders in effectively working with EAL/D learners
- Curriculum coordinators and other lead teachers, responsible for equitable curriculum access for all students and for initiating program evaluation and development and professional learning for colleagues
- Pre-service teacher educators, responsible for preparing their students for teaching assignments that may include schools with very high numbers of EAL/D learners, especially in multicultural metropolitan suburbs and in remote Aboriginal communities.
- Intercultural officers, responsible for assisting curriculum access for culturally and linguistically diverse students and supporting teachers in that endeavour.

The EAL/D Elaborations emphasise the importance of accessing EAL/D and intercultural knowledge sources – from official EAL/D education websites to colleagues and family or community representatives. Key among these are EAL/D specialists, whether teachers, leaders or consultants, and intercultural officers, such as bilingual teacher aides, Aboriginal Education Officers, and community liaison personnel. They directly support EAL/D learners and have a highly skilled understanding of the challenges of being an EAL/D learner and how to address these from different perspectives.
