Where can classroom teachers find support?
The EAL/D Elaborations place the Australian Professional Standards for Teachers in the context of teachers working with learners of English as an Additional Language or Dialect (EAL/D learners). For each Standard and Focus Area descriptor, the Elaborations describe appropriate actions by teachers and leaders in EAL/D settings.

Who can make use of the EAL/D Standards Elaborations?
The EAL/D Elaborations provide support for all teachers and leaders catering for EAL/D learners, including EAL/D specialists. They are intended for:

- Classroom teachers across all learning areas, since they are responsible for facilitating EAL/D learners’ access to the curriculum and providing ways to support their English language learning within the learning area
- EAL/D specialists, responsible for offering both targeted EAL/D classroom teaching and specialised support for mainstream teachers and leaders in effectively working with EAL/D learners
- Curriculum coordinators and other lead teachers, responsible for equitable curriculum access for all students and for initiating program evaluation and development and professional learning for colleagues
- Pre-service teacher educators, responsible for preparing their students for teaching assignments that may include schools with very high numbers of EAL/D learners, especially in multicultural metropolitan suburbs and in remote Aboriginal communities.
- Intercultural officers, responsible for assisting curriculum access for culturally and linguistically diverse students and supporting teachers in that endeavour.

What are the aims of the EAL/D Elaborations?
The aims of the EAL/D Elaborations are to maximise support for EAL/D learners by informing:

- teacher practice and professional learning goals
- staffing considerations in addressing the needs of EAL/D learners
- whole-school practice
- pre-service teacher courses
- in-service professional learning programs
- performance management through the Australian Professional Standards for Teachers

What are the learning challenges for EAL/D learners?
The EAL/D learner in Australia is simultaneously (a) learning English, (b) learning through English, and (c) learning about English.

(a) Learning English refers to the challenge of learning a new language or dialect, namely Standard Australian English, as well as the cultures of Australian schools and the wider Australian society.

(b) Learning through English refers to the challenge of using English for social and academic purposes whilst still learning it.

(c) Learning about English involves understanding the systems of English and how they work together in different situations to produce appropriate spoken and written texts.

### Design of the Elaborations

The EAL/D Elaborations have drawn on:
- the expertise of the ACTA Working Group members across the states and territories
- the 2005 ACTA Standards: one for ESL teachers and one for mainstream teachers
- the EAL/D Teacher Resource: Australian National Curriculum
- State and Territory documents functioning as policy or guidelines for working with EAL/D learners
- the Capability Framework for teaching Aboriginal and Torres Strait Islander EAL/D learners
